Data rows read: 250,302 | VOID tickets ignored: 1,208 | Malformed serials: 0 | Duplicate serials: 0

Game 0110 - "LUCKY WHEEL"

ALL CHECKS PASSED

Index	Procedures	Findings
1	Check whether the fields pertaining to the play positions in the data layout have been populated as per the game specifications.	**No exceptions were noted.** No exceptions were noted. All play positions are valid and consistent with winner/loser status.
2	Check whether the field pertaining to the prize box/position in the data layout has been populated as per the game specifications.	**No exceptions were noted.** No exceptions were noted. All prize print codes are valid and, for winners, match the system prize code.
3	Check whether the serial-number field is populated per the format PXXXGGGGTTTTTTT with a unique consecutive number from 0000001 to 0500000.	**No exceptions were noted.** No exceptions were noted. All 500,000 serials are present exactly once and correctly formatted.
4	Check whether the VIRN and Barcode fields are populated per the format PXXXGGGGVVVVVVV, with the barcode carrying a 16th parity digit.	**No exceptions were noted.** No exceptions were noted. All VIRNs are valid, unique and their barcodes carry the correct parity digit.
5	Check whether the agent validation code fields are populated per the rules for high-tier/losing tickets and low-tier winning tickets.	**No exceptions were noted.** No exceptions were noted. All agent validation codes follow the prescribed composition rules.
6	Check whether the prize structure prescribed by the game specification is reflected in the data layout.	**No exceptions were noted.** Rs. 50 (03/dd, Low): expected 100,000, found 100,000 OK Rs. 500 (07/hh, High): expected 12,500, found 12,500 OK Rs. 1,000 (08/jj, High): expected 1,580, found 1,580 OK Rs.10,000 (12/nn, High): expected 42, found 42 OK Losing tickets (99): expected 385,878, found 385,878 OK Total tickets:

		expected 500,000, found 500,000 OK
7	Check whether each book of 40 tickets contains the guaranteed 8 x Rs.50 low-end prizes.	**No exceptions were noted.** No exceptions were noted. Every book contains exactly 8 x Rs.50.
8	Check whether each of the first 41 cartons of 12,000 tickets carries the prescribed prize allocation.	**No exceptions were noted.** No exceptions were noted. Each of the first 41 cartons meets the allocation (Rs.500=300, Rs.1000>=37, Rs.10000=1).
9	Check whether the last carton of 8,000 tickets carries the prescribed prize allocation.	**No exceptions were noted.** Last carton: Rs.500=200, Rs.1000=25, Rs.10000=1. No exceptions were noted.
10	Check whether each book of 40 tickets contains at least one NON-GLEPS prize.	**No exceptions were noted.** No exceptions were noted. Every book contains at least one NON-GLEPS prize.
11	Check whether each book of 40 tickets contains exactly one prize of Rs.500 (and no more than one Rs.1,000 or top-tier prize).	**No exceptions were noted.** No exceptions were noted. Every book contains exactly one Rs.500 and at most one Rs.1,000 / top-tier prize.
12	Check whether consecutive tickets contain the same play symbol pattern.	**No exceptions were noted.** No exceptions were noted. Consecutive tickets do not contain the same play symbol pattern in any instance.
13	Check whether consecutive tickets contain the same winning symbols in any rotation.	**No exceptions were noted.** No exceptions were noted. Consecutive tickets do not contain the same winning symbols in any rotation in any instance.
14	Check whether each block of five tickets starting from ticket 001 in each book contains at least one prize.	**No exceptions were noted.** No exceptions were noted. Every block of five tickets contains at least one prize.
15	Check whether more than three consecutive tickets contain the same winning value / prize amount symbol.	**No exceptions were noted.** No exceptions were noted. No more than three consecutive tickets share the same prize amount symbol.

Appendix I - Play symbol distribution

Play symbol	Code	Position 1	Position 2	Total
One	KA	84,018	84,073	168,091
Two	LA	81,646	82,746	164,392
Three	NA	82,476	85,464	167,940
Four	PA	84,143	81,127	165,270
Five	QA	85,442	82,840	168,282
Six	UA	82,275	83,750	166,025
Total		500,000	500,000	1,000,000

Appendix II - Prize amount symbol distribution

Prize amount (LKR)	Code	Total
50	dd	177,332
500	hh	113,600
1,000	jj	106,447
10,000	nn	102,621
Total		500,000

Appendix III - Agent validation code distribution

Letter	GLEPS	Non-GLEPS	Losing	Total
A	33,789	7,195	193,381	234,365
D	33,142	7,046	190,998	231,186
